Benefits of the Everest Program

Your clients can ask specific employment law questions to experienced attorneys from a national law firm, as well as access valuable human resources content and training. These services are free to you and your clients, and each insured will be educated on the services. The HELPLINE limits E&O exposure and significantly increases retention and new acquisition. Clients also receive Human Resources *Express* Updates that include "Questions of the Month," "Case Digest of the Month" and other useful alerts.
