Self-Funded Alternatives
Self Insurance for Workers' Compensation

The Workers' Compensation Program for Arrowhead General Insurance Agency, Inc. has teamed with Self-Funded Alternatives, LLC (SFA), an insurance intermediary specializing in the development, implementation and maintenance of self-insured workers' compensation programs for individual and group risks in the public and private sectors.

Benefits of SFA Services

- Dedicated team of professionals will assist you in determining the most innovative, comprehensive and cost-effective insurance option for your client.
- Expert staff will compile underwriting information, summarize data, submit applications to appropriate markets, negotiate pricing and coverages and assemble carrier proposals in an understandable format.
- Can guide you in the self-insurance approval process, refine existing self-insured workers' compensation programs and deliver an educational sales presentation for use with your client.
- Design, implement and administer your excess workers' compensation program.
- Access to other lines of coverage including general liability, loss portfolio transfers and cash flow.
- Use of carriers with A.M. Best Company rating of “A-” or better.

Steps to Self-Insure

1. Contact SFA
2. Establish interest and need
3. Discuss concept and time lines
4. Prepare program feasibility study and compliance guidelines
5. Coordinate vendor services
6. Implement program
