

# United Wisconsin Insurance Company Quote Presentation

## Why choose Arrowhead?

**We combine peace of mind with simplicity.** As a one-stop shop, we handle every aspect of the policy: clearance, underwriting, policy issuance, endorsements, billing, final audit and renewal. Our top-notch service team assists customers throughout the policy term and beyond.

### Flexible Billing Options

We offer competitive payment plans: both monthly reporting and installments. Policies enrolled in monthly reporting may qualify for deposit rollover on the renewal term.

### Risk Management Resources & Added-Value Services

Take advantage of quarterly or semi-annual claims review, loss control action plans and advanced reporting services. Your proposal is tailored to protect the exposures of your business operations.

### Experienced & Bilingual Claims Adjusters

ACM closes claims quickly, by focusing on medical cost containment, aggressive fraud investigation and recoveries. Integrated technology provides access to real-time claim reporting, loss runs and plan-of-action reports.

## Longevity, financial strength and stability.

United Wisconsin Insurance Company (UWIC), rated Admitted A (XII) by A.M. Best, is backed by the reach, knowledge and best practices of their holding company, AF Group. They are one of the nation's leading workers' compensation insurance organizations. UWIC's business model focuses on managing risk and minimizing loss for our policyholders, while creating a safer, productive work environment for their employees.

### LOSS CONTROL

UWIC's loss control specialists are specifically trained and experienced in prevention, mitigation, transfer and other risk management techniques. They work closely with you to identify exposures, claim trends and potential loss sources. These loss control professionals will discuss findings, make recommendations, and monitor proposed solutions for effective implementation. Take advantage of:

- Resources such as: Publications, Value Added Services, Webcasts, and Loss Control Sites
- Qualified consultants experienced in a wide array of industries, many with recognized professional safety designations
- In-person loss control survey and a loss control action plan for the duration of the policy term
- A variety of services including:
  - Safety and risk management audits
  - Ergonomic, industrial hygiene and environmental assessments
  - Material handling/lift training
  - Access to technical expertise and resources

### SUPERIOR CLAIMS HANDLING

Workers compensation claims can be stressful, which is why our claims handling demands immediate intervention and proactive guidance to facilitate expeditious return to work. ACM is our wholly owned subsidiary with in-house members dedicated to cost-control services like fraud investigation, recovery and salvage and medical cost containment.

The Medical Provider Network (MPN) consists of thousands of carefully selected specialists and facilities to best treat work related injuries. ACM's MPN has proven successful lowering claims costs as much as 25-30%. [Click to learn more](#) or visit [ACMclaims.com](http://ACMclaims.com).
